## ABOUT INDO-US SCHOOLS

---

Indo US Public Schools envisage to create Life Long Learners who are rooted in their identity and become role models for the Country. The schools lay heavy emphasis on ensuring that the children from these communities are able to read, write, articulate and become lifelong learners. Apart from Academics, the entire schooling is geared towards teaching three values: Ownership, Excellence and Compassion. To achieve the goals, Indo US Schools have partnered with organizations with excellence in Education like 321 Foundation and ISLI. Teacher Training and Development takes place all round the year. The schools also lay a special focus on ensuring that the children are able to read Arabic and are able to pray Salah.
